Tsavo East National Park

Your safari starts here, and we're so excited to be here with you. Meet your guide and ask any questions you may have. Then let's go out together and go on the safari you've been waiting for.

Your visit to Tsavo East National Park could easily be one of the highlights of your safari. The park is known for lions (including many males which don't have manes) and elephants (which sometimes turn red after rolling in the red Tsavo dust). But you could also see gerenuk, cheetah, Somali ostrich and even the very rare hirola antelope. Birders also love this park, with more than 500 species recorded here. And the landscapes are as varied as they are special, from wide open plains in the east to the wild backcountry near the croc-filled Galana River.

Taita Hills Wildlife Sanctuary

Here in Taita Hills Wildlife Sanctuary, enjoy beautiful forested hills, good birding, and there's a chance you'll see elephants and lions while you explore. One of the best things about visiting here is the absence of crowds, which means you can enjoy the quiet forest trails without the noise of other vehicles.

You'll enjoy excellent views and photographic opportunities from the lodge lobby / terraces areas. Visit the underground tunnel and bunker with ground level windows that provides unbelievably close, yet safe access to variety of animals as they frequent the water hole for water & salt licks. Later proceed for an afternoon game drive returning to the lodge after the African sunset.
